

About Cornerstone

The Cornerstone Foundation, Inc. was started over 35 years ago by Helen Syriac who opened a shelter at her church after being moved by the death of a homeless man. The overnight shelter has since relocated and Cornerstone has grown over the years to provide help to the community through our soup kitchen, clothing bank which includes furniture and housewares, food cupboard, a second shelter and a youth outreach program.

Cornerstone is a non-profit ecumenical outreach that provides a safe, non-threatening atmosphere where one can be listened to, affirmed, and encouraged. Our primary endeavor is to improve the quality of life among the people we serve.

Cornerstone depends on funds and support from the community to keep the ministries up and running to help those in need.

Please visit our website to learn how to help Cornerstone.
